

Disaster Prevention Administrative Radios to be used for conducting

Earthquake Early Warning Drill

Earthquake Early Warnings will be broadcasted simultaneously, louder than usual, through all administrative radios in Saitama City.

-- Date and Time --

June 17, 2026 10:00 AM

*may be cancelled due to bad weather and/or earthquake activity.

There is no need to evacuate for this drill.

- * Administrative radios are generally audible outdoors. If you are indoors, it may be difficult to be heard depending on regional situations and weather conditions.
- * Only administrative radio broadcasts will be conducted for this drill, Earthquake Early Warnings will not be broadcasted on TV, radios, emergency warning e-mails, area e-mails(Docomo mobile), etc.
